

FLOOR SCRUBBER

PLOVER T 120R

Features

- High power, strong drive, and cleaning efficiency up to 4600m²/h
- Smart operating handle, easy to operate
- HLM motor, 400W powerful power, maximum gradeability up to 25%.
- The body is flexible and compact, can enter all elevators, and is capable of handling multiple floors.
- Automatic brush loading and unloading function to complete the work easily.

Parameter

Cleaning path mm(brush size "inch)	380mm/14"*2
Squeegee width	1000mm
Max. coverage per hour	4600m ² /h
Continuous operating time	3~4h
Solution tank capacity	95L(25gal)
Recovery tank capacity	105L(27.7gal)
Battery(free maintenance)	24V/150A
Drive motor	400W(0.54hp)
Vacuum motor	550W(0.74hp)
Brush motor	40W(0.74hp)
Operating Weight (inc. battery)	266kg
Operating size	1430*1000*1280mm
